Working With Youth Webinar: Planning and Implementing Appropriate Interventions for Adolescents

Program Summary

Working with youth and adolescents presents unique challenges although many agencies choose to apply adult-based solutions.

By contrast this course has been developed as a robust, live and interactive evidence based program to enhance the efficacy of correctional agencies, service providers, case managers and others who work with youth and adolescents.

Following the program, participants will be in a position to more effectively deal with youth by gaining a better understanding of the research and meta-analyses surrounding effective interventions, cognitive behavioral, and other research based applications for delinquent youth. In addition they will get even better results as they learn to develop goals and objectives for Individualized Service Plans.

Participants will learn to develop effective interventions, understand concepts and skills of cognitive behavioral and other evidence based approaches for successfully working with youth to prevent relapse and recidivism and help the youth succeed in community.

Program Goals and Learning Outcomes:

Upon completion of this training, participants will gain an understanding of;

- The research and meta-analyses surrounding effective interventions for delinquent youth.
- Cognitive Behavior Therapy and Treatment Methods
- Other research based interventions and their broad application for delinquent youth
- Individualized Service Plans, what it is and how to apply with adolescents

In addition, participants will be in a position to develop goals and objectives for an Individualized Service Plan.

"The webinar interactive system was easy to use. Joyfields staff were very attentive, professional, and well-organized. The presenter was clearly very knowledgeable and professional. A positive experience.."

Court Administrators

Social Workers & Substance Abuse Counselors

Researchers & Planners

Mental Health and Prevention Center Professionals

Community Services Organizations, Services Providers

Program Directors and Executives

Government Agencies, and Pre-Release Specialists

Working With Youth Webinar: Planning and Implementing Appropriate Interventions for Adolescents

Workshop Leader *

Dr. Bette C. Neville, Ed. D., Former Director of Treatment, Associated Marine Institutes, Motivational Interviewing Network Trainer (MINT), Certified YASI (Youth Assessment Screening Instrument) Trainer

Dr. Bette Neville is an expert among experts! She worked at the Associated Marine Institutes in Tampa, Florida where she had been serving as Director of Treatment for the previous 5 years until this past June (2009) when she retired. Her work there helped to lead that organization in the implementation of evidence-based principles and practices. Thankfully she could not stay away for very long when Joyfields Institute sought her out. She returns now to help others through training and development at Joyfields Institute. We are privileged to have her on board as a trainer.

Dr. Neville became a member of the Motivational Interviewing Network Trainer (MINT) after completing the required training and is also a Certified YASI (Youth Assessment Screening Instrument) trainer. She has served as President and Vice-President for the GA Federation of CEC and also served with AMI, a national organization dedicated to helping troubled youth who have been incarcerated or are at-risk. Her volunteer work has been serving on the Boards of these organizations, helping with resource development, and serving on the national team dedicated to making AMI the best in providing services to troubled youth.

During her time in active service, Dr. Neville worked in many roles including Special Education and Special Projects Director in the Evans County School System of GA. She earned her Doctorate in Educational Leadership from Georgia Southern University (GSU) and earned a Adult Education Certification from the GA Dept of Education.

"Loved the webinar format! Great technology and ability to limit travel time, time away from family, etc. and still get great training."

"Personally I felt for the first time that this program was developed for the work that I do."

I was very impressed with the depth of knowledge the facilitators possessed about evidenced based best-practices in the industry. However, it wasn't an over-your-head kind of dissemination . . . very practical.

Working With Youth Webinar: Planning and Implementing Appropriate Interventions for Adolescents

KEY REASON WHY YOU AND YOUR COLLEAGUES SHOULD ATTEND;

- You will network with colleagues to share invaluable ideas and experiences from different parts
- You will meet the finest corrections leaders serious about the business and learn how they do what they do
- You will leave at the end of the program with action steps to take to begin address the challenges you face
- You will learn from an expert faculty what works and know what mistakes to avoid
- We don't stop at just the class room studies. You will learn in discussion groups and trouble shooting sessions how to address the re-entry opportunities ahead
- Learn key skills for great corrections systems leadership
- Learn first hand the best and latest resources for addressing corrections needs and how to apply them

CERTIFICATE COURSE

Upon completion of the course, participants will earn CE Hours plus receive documentation of training hours as evidence of accomplishment and status as a practitioner who has acquired specific new skills. Your document is delivered upon completion of the course.

WHO SHOULD ATTEND

Managers, supervisors and program managers and professionals in mental health management, adult, juvenile and adolescent corrections and rehabilitation including;

- Adult and Juvenile Case Managers, Supervisors and Managers
- Probation Officers, Supervisors and Managers
- Behavioral Healthcare and Substance Abuse Professionals
- Psychologists, Psychiatrists and Therapists
- Resident populations managers
- Pastoral counselors
- DWI Court Administrators
- Social Workers & Substance Abuse Counselors
- Researchers & Planners
- Mental Health and Prevention Center Professionals
- Community Services Organizations, Services Providers
- Program Directors and Executives
- Government Agencies
- Pre-Release Specialists

Your company provided an incredible opportunity for professional development and was laser focused around what other facilities are doing regarding reentry and reintegration based on statistical evidence based practices. I personally utilized this workshop from a vendor perspective to ensure the opportunities our company is pursuing in reentry and reform is in line with Best Practices and working towards Evidence Based Practices in the Correctional Industry. I was truly amazed by the detail and level of information your course provided. As a matter of fact, I would say that this was one of the best "hands on" educational programs I have ever attended, including many of the Masters level courses I attended in graduate school. I will be, and have already, STRONGLY recommended this course for our County, DOC, and international correctional customers and would even recommend this to other vendors of the corrections industry interested in providing reentry or rehabilitation services.

This was truly worthwhile and should be a mandatory course for Correctional Leaders everywhere.
