Evidence Based & Strength Centered Human Services Approaches

PRESIDENTS MESSAGE

Peter Orszag, the former director of the Office of Management and Budget (OMB) once remarked, “less than 1 percent of federal spending goes to programs and activities that we have any evidence they work.” The number is less clear for other funding entities and elsewhere. So there is much catching up to do and evidence based approaches are becoming the requirement for anything that is getting funded.

For our 11th year Joyfields Institute, working with the **EBP Society** and some of the best experts and practitioners committed to the evidence based movement, continues effort to address this deficiency through training, education and performance evaluation initiatives. Join us in historic New Orleans, LA for four (4) days of comprehensive evidence based conference and workshops designed for the human services practitioner. We are really excited about this year's program designed specifically for the Justice, Human and Social Services professional. This year as you asked, gives you our customers more flexibility.

We bring you comprehensive evidence based A-to-Z workshops chuck full of what you need to get your program on the right footing and be confident what you are doing works. Select a 2-Day workshop only, or stay all 4 days to get the most out of your participation and also save. Some workshops co-occur.

For what you would spend on a 3 day program we have added an extra day of training, education and real life case examples and activities you can use immediately you return home.

But wait! This event is in the great city New Orleans at the newly renovated and unusually spacious Hilton Hotels property, the Hilton Garden Inn Convention Center. How else can we make it such fun to, **(a)** get away, **(b)** get some real RNR, and **(c)** get the training you can't afford to miss!

Plan now to join us New Orleans. We made it easy to bring a team. I look forward to seeing you there.

Sobem Nwoko
President

Evidence Based & Strength Centered Human Services Approaches

AGENDA AT A GLANCE

Days 1 & 2 - March 24-25, 2015

Select One (1) Comprehensive 2-Day Workshop

Case Management & Care Coordination: Evidence Based Models & Supports for Human Services

How's your case management process? This workshop teaches processes for assessing, planning, facilitating and advocating for options and services designed to help clients efficiently meet their individual needs.

Days 3 & 4 - March 26-27, 2015

Comprehensive 2-Day Workshop

Motivational Interviewing (MI): Core Skills for Durable Behavioral Change

Teams perform like the pros they are using Motivational Interviewing skills. MI is proven to be fully compatible with various approaches as a method that helps people resolve ambivalence toward change through discovery of intrapersonal fuel by placing complete responsibility for change on the individual. It's a must have method in your tool kit.

Days 1 & 2 - March 24-25, 2015

Case Management & Care Coordination: Evidence Based Models & Supports for Human Services

How's your case management process? This workshop teaches processes for assessing, planning, facilitating and advocating for options and services designed to help clients efficiently meet their individual needs. Effective case management is a collaborative process of assessing, planning, facilitating, and advocating for options and services planned to meet clients' individual needs efficiently.

PROGRAM OUTLINE

Adopting evidence-based and strength-centered practices is a commitment to professionalism, quality care and effective client services in the face of large caseloads, limited resources and traditionally less than optimal training. This program will aid in closing the gap.

In this workshop, participants will learn effective case management practices and how they apply. Participants will also learn to differentiate traditional ineffective deficit-centered practices vs. evidence-based and strength-centered practices we are moving toward. Using relevant examples, participants will learn how they can help their clients achieve desirable outcomes through promoting quality and effective interventions which link individuals to appropriate resources.

Evidence Based & Strength Centered Human Services Approaches

(Case Management contd)

LEARNING GOALS AND OBJECTIVES

On this program, participants will be in a position to learn;

- Current trends in care coordination
- New state and federal requirements
- Strength-centered vs. deficit-based approaches
- Components of successful care coordination
- Determine clients' level of readiness for change by Using Motivational Interviewing and the Transtheoretical Model for Change
- Effective stage-matched recovery oriented goals, objectives and interventions for increased accountability and improved client outcomes
- Successful transfers to insure delivery of integrated delivery of services

Care Coordination: Interventions and Discharge Cues

Days 3 & 4 - March 26-27, 2015

Motivational Interviewing (MI): Core Skills for Durable Behavioral Change

Teams perform like the pros they are using Motivational Interviewing skills. MI is proven to be fully compatible with various approaches as a method that helps people resolve ambivalence toward change through discovery of intrapersonal fuel by placing complete responsibility for change on the individual.

Its a must have method in your tool kit.

PROGRAM OUTLINE

Enduring client change is achievable through Motivational Interviewing (MI). MI is the powerful evidence-based method for engaging intrinsic client motivation. Clinical trials on use of MI in all areas of treatment abound with substantial outcomes for creating sustainable change in maladaptive behaviors far beyond compliance.

MI is proven to be fully compatible with Cognitive Behavioral Therapy, Moral Reconation Therapy, Therapeutic Community, and various other approaches as a method that helps people resolve ambivalence toward change

through discovery of intrapersonal motivation by placing complete responsibility for change on the individual. With public and private agencies under increased scrutiny to deliver on promises through evidence based practices, executives must evaluate practices, techniques and programs to improve results and financial outcomes. Motivational Interviewing has applications in various settings giving staffs skills to help their clients succeed through appropriate evidence based practices.

“When I was first asked to attend this training, I thought to myself, 'Not another training! Now am glad I came. It's the best training I have attended in a good while!”

PROGRAM OUTLINE

This program teaches foundational concepts, strategy and techniques involved in MI and how it can be developed and utilized dynamically in targeted settings. It is excellent for staffs with little or no knowledge of the MI approach as well as those already implementing the model. Joyfields Institute MI programs are taught through presentations, video examples, instructor modeling, and practice breakout activities. Participants will recognize that many of the techniques are part of their current practice. With that recognition and the training, they will be able to begin using the techniques with more effectiveness and added fidelity to the model.

Evidence Based & Strength Centered Human Services Approaches

WHO SHOULD ATTEND

Executives and staff at justice, human and social services agencies, youth and adult settings, program managers, mental health services, rehabilitative services and mentoring, etc including;

- Workforce development teams
- Care Coordination & Case Management Teams
- Clinical Directors & Staff, Social Workers & Counselors

FACULTY

June E. Fisher, MSW, LSW

June E. Fisher, MSW, LSW has over 20 years of experience providing training and education services to professionals, children, youth, families and their communities. Ms. Fisher provides dynamic interactive live and web-based workshops for families, agencies and communities. Her knowledge and skills include working with human and social services teams and systems in the areas of intellectual disabilities, child welfare, trauma, mental health, and drug and alcohol.

Ms. Fisher is nationally recognized for her skills as a Certified Trainer and Curriculum Writer. In 2009 she was named "Trainer of the Year" by the Pennsylvania Child Welfare Training Program. She is also a Certified Federal and Child and Family Service Review (CFSR) Evaluator experienced with the mandated Federal outcomes and the program improvement plan (PIP) process. She has been a Court Appointed Special Advocate (CASA) in Cumberland County Pennsylvania since 2009.

Ms. Fisher works with the Pennsylvania Child Welfare Resource Center at the University of Pittsburgh and also serves as associate faculty member at Joyfields Institute for Professional Development. Ms. Fisher earned her Bachelors of Social Work degree from Temple University and her Masters in Social Work at Widener University.

Mark Lewis, LMSW, EBP Implementation Specialist, Member, International Motivational Interviewing Network of Trainers, Motivational Interviewing Corrections Trainers, Motivational Interviewing University Trainers, Michigan Department of Community Health

Mr. Mark Lewis is best described as a person who is focused on staff development and training for the purpose of improving the moment of contact between a practitioner and the individual receiving services. His trainings are known for depth of knowledge and effectiveness in providing clear influence on the participating practitioners' skills.

His experience includes case management, treatment, supervision, staff development, and management of adult and juvenile justice programs including a very specialized program for Parolee-Sex Offender Alcoholics and Addicts. Mr. Lewis began his career as a Law Enforcement and Corrections Specialist in the United States Air Force. During his 10 years of service Mr. Lewis performed as a Law Enforcement Supervisor and later as a Master Instructor in the Air Force Police Academy. Following the Air Force he completed a Bachelors Degree in Psychology at the University of Michigan, and the Masters of Clinical Social Work at Michigan State University. He is a Licensed Master Social Worker (LMSW) and a member of the International Motivational Interviewing Network of Trainers (MINT), and carries advanced credentials in other evidence based practices.

In 33 years of practice Mr. Lewis has worked in various public and private human services programs and held positions ranging from clinical therapist, case-manager, director of operations for a national managed care company, director of utilization management, and contract negotiator. Currently Mr. Lewis holds a position with the Michigan Department of Community Health where he is responsible for the implementation and sustainability of evidence-based practices and best practice across the public health system.

Mr. Lewis is also an adjunct professor at the Oakland University School of Medicine, the University of Michigan-School of Social Work, and the Wayne State University-School of Medicine-Department of Psychiatry-Research Division.
